

## Acknowledgement of orders/ delivery schedules and delivery schedules division

Dear Sirs,

To simplify the process and to raise the flexibility we would like to waive the confirmation of our delivery schedules division in future.

However this implies that the desired contents can be fulfilled by you. In this case the transactions become effective at the latest if they are not contradicted within 7 workdays after receipt.

Of course we await as usually your notice in writing in case of divergence.

Standard orders and delivery schedules , which means our initial orders, are awaited to be confirmed in written notice furtheron!

We hope you can accept this arrangement and ask you for confirmation of your agreement and acception of the validity of this deal by signature on this letter.

Yours faithfully,

Leopold K O S T A L
